ABOUT US

At Advanced Future Group International (AFGI), we have dedicated ourselves to a mission of excellence since our inception in October 2003. Our foundation rests on the principles of "Performance, Commitment, Trust," and our commitment to these values has shaped our journey as a trusted Prime contractor.

20+ years of proven experience in the supply chain, prime & sub-contracting, and logistics fields, as a registered Life Support Services provider, contractor and supplier with multiple Government/Non- Government Agencies as well as with Major Defense Prime Contractors.

Our Diverse Services:

- **Prime Contractor Expertise:** AFGI's distinguished status as a prime contractor is a testament to our unwavering dedication to precision and quality. We undertake a wide array of projects, from infrastructure development to mission-critical operations. We have earned the trust of government and non-government agencies alike through our consistent performance and our ability to meet and exceed the unique challenges presented by our clients.
- **Defense Agency Partnership:** AFGI is proud to have worked alongside major defense agencies, demonstrating our competence in handling the most complex and demanding assignments. Our teams have operated in multiple war zones and peacekeeping missions, showcasing their ability to adapt to and excel in some of the world's most volatile regions. We understand the unique requirements of defense operations and are well-prepared to support your initiatives.

A legacy of success:

- In 2006 AFGI upgraded to the status of General Trading and Contracting Company with paid up capital of 1-million Kuwaiti Dinars.
- As client scale and requirements grew, AFGI was accredited as a Zamil Steel Certified Builder & Supplier in 2006, which allowed us to offer clients turnkey solutions for Pre-Engineered Buildings.
- In 2014 AFGI and our technology partners were approved by Kuwait Oil Company (KOC) under Category 58 for Soil Remediation services.

*We stand by our
"Performance, Commitment, Trust"*

MISSION

Our mission is to establish long lasting relationships with our clients by exceeding their expectations and gaining their trust through exceptional performance.

To provide quality workmanship, customer service and maintain the highest level of professionalism, honesty and fairness in our relationships with our customers, employees and vendors.

VISION

At AFGI, we support the vision by designing facilities and pipelines that meet and anticipate our clients' needs, are practical, safe and productive in the field.

Using modern principles, products, and technologies, we continuously strive to be the primary **preference** domestically and internationally, for renowned performance, commitment and trust in all types of construction, maintenance and sustainment services.

To grow by continually providing useful and significant products, services, and solutions to our clients we already serve - and to expand into new areas building upon on our competencies and customer interests.

OUR CORE VALUES

Integrity

We are honest, honor our commitments and show humility and transparency with all stakeholder's. ■

Collaboration

We thrive in an open-door environment; providing a platform for customers and team members alike to contribute towards a superior workforce, and quality focused service deliverability.

Commitment

We are fully committed and accountable to achieve maximum productivity and excellence in our actions.

Innovation

We are prepared to understand and anticipate customer's needs, mitigating constant environmental changes, proactively adapting, meeting and exceeding those needs through creativity and cutting-edge methods.

Quality

We are committed to focusing on the needs of our primary and secondary customers while exceeding expectations building lasting relationships.

Transparency

We pride ourselves on open and honest communications throughout all layers of our operation and services. ■

QUALITY, ENVIRONMENTAL and SAFETY

AFGI, we have developed and established our Quality Management System (QMS), Health, Safety and Environmental (HSE) processes and procedures.

- o Since 2007 Certified: Procurement & Logistics Services in accordance with ISO 9001:2015 standards.
- o All our team members receive pertinent HSE/QA training prior to being assigned for duty, AFGI Leadership maintains the highest national and International accreditation standard requirements (OSHA, ANSI & HSE).
- o All our teams are trained on and provided with approved personal protective equipment (PPE) IAW mission and contractual requirements.
- o Our QA/HSE Team internally monitors all our services and products, ensuring delivered services and products maintain 100% compliance and are free from faults and or defects prior to delivery and throughout their entire life cycle.

We work closely with our teams, associates, and customers to assure that all tasks and procedures are performed in the safest manner, all the while providing the highest level of services and products.

CERTIFICATE

OUR CLIENTS

OUR ACHIEVEMENTS

TO: Ms. Lidia Tasic
Chairman Executive Officer
Advanced Future Group International
Salem Al-Mubarak St, Al-Sharhan Complex
PO Box: 6862 Salmiya, 22079 Kuwait

FROM: JCC-IA
Iraq Contracting Operations
Theater-Wide Requirements
Camp Victory, Iraq

Ms. Tasic,
We would like to take the time to recognize your exceptional performance on the numerous contracts that you've had with JCC-IA. You exhibited your credo "Performance, Commitment and Trust" to all customers and have worked diligently to accomplish all orders in the most timely and professional manner. Your services with Iraq-wide Trailers, Life Support Area expansions and development projects, bottled water, cleaning and general labor services and other commodity based items have provided a great benefit for the US Government and Coalition effort.

As always, AFGI is a valued member of the Coalition Team and can always be counted on to deliver quality products and services at fair and reasonable prices, with the added benefit of having superior program management. In recognition of outstanding support, Elena Aleksic and JC Hiett have been an invaluable asset and played an instrumental role in making these projects a success. We commend your staff for their hard work.

Should any contracting office need past performance information or references, please direct him/her to JCC-IA, Theater-Wide Requirements, Commodities Branch, Capt Mark Ruiz, DSN 318-822-2825 or mark.ruiz@iraq.centcom.mil.

I look forward to continuing our relationship in the future. "On Time and On Target!"
